

Three ways to bring StandardOS to your clients

Consultancies, MSPs and the people who write about compliance. One number each, the terms in one table, one form.

AFFILIATE

20%

of the first year

A link or a code on your site or in your newsletter; every subscription it starts pays you for its first 12 months.

REFERRAL PARTNER

20%

of every payment, 12 months

For ISO 27001 and CRA consultancies: bring a client, be named inside their product as the officer to call once they accept, and earn on every payment for a year.

RESELLER

30%

margin

For consultancies and MSPs with many clients: you bill the client, run every client from one workspace, and put your name on the reports.

The terms

TERM	AFFILIATE	REFERRAL PARTNER	RESELLER
Commission	20%	20%	30% margin
Paid for	The first 12 months of each subscription	12 months per client	As long as you bill the client
